Lang Air *	7:30	560°F – 590°F Medium High, Medium Low
Mastermatic *	7:00	450°F – 475°F

Equipment and Smallwares

- A. Only approved equipment and smallwares are to be used when making product for customers. For a list of approved equipment and smallwares, visit the Quick Supply website.
- B. Pans that have been used to make a Handmade Pan pizza must be stored separately from pans that have been used for side items and be cleaned and sanitized prior to each re-use.
- C. Because side items are baked on top of a sheet of parchment paper and baking mat, pans used for side items may be re-used if free of debris and then must be cleaned and sanitized by the end of each day.
 1. If free of debris, pans used for side items can be used for Handmade Pan pizzas.
 2. Pans used for side items must be separated from clean and sanitized pans at the dough table.
